

Why: Google Chrome is the preferred browser for all FFMVic Applications, although MS Edge will work for all apps too.

Internet Explorer (IE) causes some issues with FFMVic Applications, for example it can't load the full eMap User Interface. We recommend Google Chrome.

Below are instructions on how to install Google Chrome without Admin access for **Windows 7 users only**.

The details may differ between browsers and computers. Please contact your IT department if you have any issues.

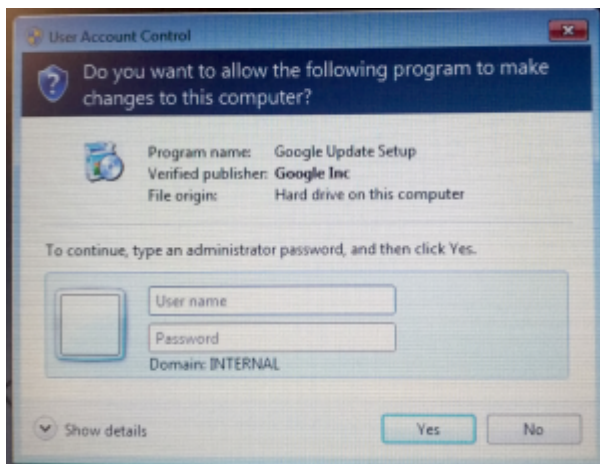

1. Open a browser and search for 'Google Chrome' and select Download.
2. Click on the **Download Chrome** button
3. Choose which options you'd prefer and click **ACCEPT AND INSTALL**

4. Click **Run**

5. Just close the window shown below, by clicking on the red cross at the top right.

6. Click **Yes** to installing without administrator privileges

Download Chrome for Windows

For Windows 10/8.1/8/7 64-bit

Google Chrome Terms of Service

These Terms of Service apply to the executable code version of Google Chrome. Source code for Google Chrome is available free of charge under open source software license agreements at <http://code.google.com/>

1. Your relationship with Google

1.1 Your use of Google's products and services is governed by the "Services" in agreement is

Google Chrome can be installed without administrator privileges. Continue?

Yes No

☐ Set Google Chrome as my default browser

☐ Help us to make Google Chrome better by automatically sending usage statistics and crash reports to Google. [Learn more](#)

7. You can select **No, thank you** here (or **SIGN IN** to your Google account if you wish)

Welcome to Chrome

The web browser by Google, for you

Sign in to Chrome with your Google Account to get your bookmarks, history, passwords and other settings on all your devices.
